NORMAL TEACHER CHANGES MADE

NEW FACULTY MEMBERS AND LEAVES ANNOUNCED.

CHOICES FOR SUMMER SESSION ARE APPROVED

Prof. S. E. Davis and Miss Winn Among Those Who Will Have Absence During Coming Year.

Announcements of changes in the Normal faculty and of leaves of absence as granted by the Board of Regents Monday are made today by President Ira Richardson.

The Board of Regents of the State Normal School met Monday afternoon. Allowance of bills and other routine matters were passed upon, with President Blagg presiding.

Mr. Leo M. Phipps, of Grant City; Mr. True D. Parr, of Hamilton; and Supt. H. A. Gass of Jefferson City, ex-officio member, were present. Mr. George N. Gromer of Pattonsburg, Mr. Chas. L. Mosley of Stanberry and Mr. Wm. H. Weightman of Mound City were not present.

The annual report of President Ira Richardson was received, and the following changes and recommendations as to the faculty for the ensuing year were passed:

Mr. S. E. Davis, head of the department of education and training, was granted a leave of absence for the Fall and Winter quarters. Miss Beatrix Winn, of the department of English, was granted leave of absence for the ensuing year. Miss Beulah Brunner, supervising principal of the Training school, was granted leave of absence during the Spring quarter. Miss Mildred Miller, Kindergarten-Primary supervisor, was granted leave of absence during the spring quarter. All of the above will take advanced studies in Columbia University, New York City, during the time of their leave of absence.

The resignation of Mr. R. A. Kinnaird, of the department of agriculture, to accept a position in the University was accepted, and Mr. C. H. Belting now assistant in agriculture during the summer session, was appointed to fill the vacancy.

The resignation of Mr. Henry H. Severin, of the department of biology which took effect at the close of the spring quarter, was formally accepted. This place is now being filled for the summer session by Mr. James A Faris, a former graduate of the Normal School and a graduate of the University.

Mr. E. L. Harrington, department of physics and chemistry, who has been on a leave of absence for the past two years, will return from the University of Chicago at the end of the summer session and resume his work in this department at the opening of the fall quarter. Mr. M. W. Wilson, who has been filling Mr. Harrington's place for the past two years, is retained as assistant in science and mathematics.

The plans now being worked out for the erection of the dormitory were approved by the board. The recommendations of President Richardson for assistant instructors during the summer session were approved. President Richardson and President Blagg were directed to fill vacancies now existing and any that might hereafter ensue.

The board adjourned Monday afternoon, Mr. Parr returning home Monday night, the other members remaining over for commencement.

At the commencement Tuesday morning, there were present in the city Mr. I. R. Williams, of Savannah, Mr. W. H. Hine, of Savannah, Senator Anderson Craig, of Maryville, Mr. O. P. Williams, of Plattsburg, and Mr. J. B. O'Brien, of St. Joseph, all former members of the board of regents who returned to be present at the commencement period in honor of the celebration of the tenth anniversary of the opening of the first session.

The board adjourned subject to the call of the president.

SALVADOR FILM SHOWN HERE

Miss Ora Barmann Gives Private Matinee—New Machine Booth in Use by Empire Now.

Salvador Sol, with whose family Miss Ora Barmann of this city visited last winter and spring in San Salvador has sent to her a 400-foot reel of the moving pictures taken upon his coffee plantation while Miss Barmann was there. This picture will be shown in the regular program at the Empire theatre tonight. Miss Barmann will entertain friends at a private matinee this afternoon.

The regular program tonight is "The Siren's Song," a Shubert picture featuring Mlle. Diane and Charles Trowbridge. Beginning Monday the pictures at the Empire were thrown from the new machine booth in the gallery. The booth is 8 by 10 by 6½ feet high, of 20-guage metal and complies in every way with the state bureau of safety. It was required by a recent city ordinance.

MAGEE PRINCIPAL

WARRENSBURG MAN GRADUATED THIS YEAR FROM M. U.

HAS 5 YEARS EXPERIENCE

New Head of High School Is 25 Years Old, Unmarried, Member of Christian Church and Scholarship Student.

Robert M. Magee of Warrensburg, Mo., was elected principal of the Maryville High School by the board of education this morning. Mr. Magee was garduated from the University of Missouri this spring, taking the degree of B. S. in education.

He has had five years' practical experience, becoming principal of the Jamesport High School immediately after his graduation from the Warrensburg Normal School in 1910. He remained at Jamesport two years and was then elected superintendent at Stewartsville. The following year he was elected superintendent at Lawson where he remained until last year, resigning to take up work in the University of Missouri.

Mr. Magee is 25 years old and unmarried. His public school work and high school training was received at Warrensburg which is the home of his parents. Although he holds no letters on athletics, he is very cordial toward that work and has participated regularly while in school.

Only one summer and one winter session were spent in the University by the new principal. His work was so excellent, however, that he was elected a member of the Phi Delta Kappa, the honorary educational fraternity which is national in scope.

Mr. Magee's chief activity in school has been debating. He was a member of the M. S. U. debating club and made the M. U. debating squad although he did not place on a team.

He is a member of the Christian church. He is not a member of any lodge. He expects to remain at his home in Warrensburg until the latter part of August when he will come to Maryville.

Albert Craig Will Return Next Week.

Albert Craig, a son of Mrs. Gallatin Craig, will arrive home next week from Purdue, Ind., where he graduated in the electrical department.

HARMONY PROGRAM

DR. LYMAN E. DAVIS OF PITTSBURGH PRINCIPAL SPEAKER.

NELSON AND REV. COX

Workman Chapel and Palestine Will Celebrate Anniversaries, Too, Next Sunday.

The following program for the annual homecoming day at the Harmony church, six miles east of Maryville, which will be held next Sunday, was announced today by the Rev. C. R. Green, pastor. The principal address will be in the Sunday morning service when the Rev. Lyman E. Davis, D. D., of Pittsburgh, will speak.

Doctor Davis is president of the Methodist Protestant church's general conference and editor of the church organ, the Methodist Recorder. He is one of the biggest men who has ever been secured for a Harmony homecoming. Another big attraction for the day will be an afternoon lecture by W. L. Nelson, assistant secretary of the state board of agriculture.

After the Nelson lecture, the Rev. G. S. Cox, pastor of the First M. E. church here, will give an address. The day will close with a social hour. The detailed program follows:

Harmony Homecoming Program.

10:30—Lecture to the Sunday school organization.

11:00—Sermon by Dr. Lyman E. Davis of Pittsburgh, Pa.

12:00—Dinner.

1:30—Musicale—Vocal and instrumental numbers.

2:30—Lecture by W. L. Nelson, assistant secretary of the state board of agriculture.

Address by the Rev. Gilbert S. Cox of Maryville.

4:00—Social hour.

Concerning the dinner, it is certainly unnecessary to announce anything to a Nodaway county person, for the Harmony reputation in that regard is country-wide and considerably wider. It will be served after the morning services under the trees.

The Harmony orchestra will give an hour's musical program before the afternoon lectures. The members of the orchestra with a few assistants are:

Mrs. C. R. Green, piano; Charlotte Green, Arthur Hunt and Wilbur Cox, cornets; Howard Van Velsen and Vernon Nash, clarinets; J. D. Ford and one other musician, violins; I. V. Moore, cello; Rev. C. R. Green, slide trombone, and Frank G. Schumacher, traps.

Palestine and Workman Chapels, Too.

Two other Nodaway county churches will celebrate their homecomings Sunday. The detailed program for Palestine's twenty-fifth anniversary was published yesterday. Workman's Chapel, twelve miles northwest of Maryville, will celebrate the fifteenth anniversary of the building of the church.

A sermon by the Rev. Andrew Dugar of Stanberry and a service by the Ray Davis gospel team of the Maryville Baptist church are on the program. A dinner will be served in the grove adjoining the church.

All three of the churches issue cordial invitation through The Democrat-Forum to all visitors who wish to attend.

STILL DRIER ON THE 30TH.

Maryville Bottling Works, Wholesale Beer House, Will Close That Night, Not July 4.

Maryville will become drier by the closing of the wholesale beer supply house three days sooner than has been expected. The Maryville bottling works will close on the night of June 30 instead of July 4. This is due to the fact that the government license expires at the earlier date.

The city license would permit business until the night of July 4 but it would cost $75 as a government license to do business for the three days intervening.

NORMAL ENROLLMENT AT 700

High Mark Passes Over 150 More Than Any Previous Summer Session Here.

The enrollment for the summer term at the State Normal school is 700. The largest enrollment in the history of the school was 540. Almost 300 of the students have entered for the first time here.

Oscar and Julius Klaas and Tom McGary of Parnell were in town today on business.

'DER TAG' UPON US

AND MARYVILLE WITH FLAGS FLYING IS READY.

HALE WILL SPEAK THEN

Baptist Pastor to Give Historical Sketch—More About the Big Attraction Tomorrow.

Nothing is left now but to wait for the crowds to come in. The flags are up, for today is Flag Day, and the preparations are all complete for the largest crowd which Maryville ever entertained. The weather could not be better, so everybody is happy.

The committee in charge of the day has requested the Rev. Lewis M. Hale, pastor of the Baptist church, to speak just before the flag raising ceremony tomorrow afternoon. He will give a short historical sketch of Maryville and speak of the significance of the flag.

The roads around Maryville have been dragged and everything points to enormous crowds. The attraction of the "Human Fly" is expected to bring the farmers right out of the fields, even if the work is badly needed, and towns within a radius of fifty and seventy-five miles are expected to bring their full quota.

And no one need have any doubt about the thrillers to be shown here. Thrills just as nerve racking and chilly as any large city gets will be given here. That question was put up to Mr. Gardiner when he was here Sunday. He laughed and said:

"Do you know, that is a funny thing. I would much rather climb the Long building in Kansas City than your First National Bank building. There will be much more danger to me in scaling the courthouse and clock tower and placing a flag upon the weather vane than any time I ever climbed the Singer building in New York.

"That is true in every city to which I go. Some of the least spectacular of my climbs are the most dangerous and some which give the greatest thrills to the spectators are just as easy as climbing up a ladder. Taking that one long stretch on the Michau building will be as precarious as going over the cornice of the Flatiron building."

The reason Mr. Gardiner gives is that most modern buildings are of stone and have many ledges. What he fears most is treacherous and faulty building materials which might break under his weight.

TEDDY LIKE A SICK MAN

Old Smile and Enthusiasm Seemed Gone as He Went to Pier to Meet Son Kermit.

Special to The Democrat-Forum.

New York, June 14. — Theodore Roosevelt looked and acted like a sick man when he went to the pier to meet his son Kermit, who arrived today from Panama.

The old smile had vanished and he walked about the pier with a halting step and frequently placed his hand against his left side. Later he went to his physician's office and he had a stitch in his side.

Members of the colonel's family denied that he was seriously ill. They said that he was suffering from a severe cold and strained the muscles around his heart in a severe coughing spell.

EARLY FRUITS HERE

BUT VEGETABLES HAVE DROPPED IN PRICE.

TEMPTING BUT COSTLY

Our Weekly List of Prices, a Tuesday Feature, Given in the Following.

With the entrance of the garden vegetables on the market to compete with the hot house varieties, the prices on this class of eatables are going down until they are within the reach of the most limited incomes.

But anything one saves in the way of vegetables she will probably spend on the early fruits that are now being put on the market. Cantaloupes, apricots and plums made their debut into fruit society this week, and are infinitely tempting to the buyer as first fruits always are.

These fruits are high, though, and the apricots and plums are actually being sold by the dozen. Cantaloupes are good looking but almost as high as the sour grapes of the fable, especially for the large family.

The prices on vegetables, fruits and meats for this week are:

Peas, a gallon	25c
Beans, a gallon	20c
Onions (green), a bunch	5c
Cabbage, a pound	5c
New potatoes, a pound	6 for 25c
Sweet potatoes, a pound	5c
Asparagus, a bunch	10c
Cucumbers, each	5c
Apricots, a dozen	10c
Plums, a dozen	10c
Cantaloupes, 2 for	15c
Strawberries, 2 boxes	15c
Bananas, a dozen	25c
Oranges, a dozen	30c to 45c
Lemons, a dozen	25c to 35c

ADD VIOLIN DEPARTMENT

FRED HAKEL TO HAVE CHARGE IN CONSERVATORY.

Gifted Artists Who Have Won European Honors Makes Announcement More Pleasing.

Miss Berenice Rice is especially pleased to announce that Fred Hakel, a gifted artist and teacher, will have charge of the violin department of the conservatory.

Mr. Hakel has both an American and a European musical education. For six years he studied under the masters Ottaker Sevcik of the Vienna meisterschule and Cesar Thomson of the Royal Conservatory of Music in Brussels. He had the distinction of playing in a very fine string quartet in Brussels and also in one of the finest symphony and choral societies in Europe.

Mr. Hakel will commence his work in Maryville next Monday, June 18. He will appear in recital later under the auspices of the conservatory.

Mrs. J. C. Trout and daughter, Miss Hazel Trout, of Tarkio, who have been visiting relatives for a few days, left last evening for their home.

GLYNN'S KEYNOTER

FORMER N. Y. GOVERNOR OPENS DEMOCRATIC CONVENTION.

PRAISES PRESENT RULE

Temporary Chairman Says President Wilson and Cabinet Have Given Neutrality New Meaning.

St. Louis, June 14.—Ex-Governor Martin H. Glynn of New York in his "keynote speech" as temporary chairman of the Democratic convention here today, laid principal emphasis on President Wilson's maintenance of neutrality.

He said the United States now faces the third great crisis of its history, and the paramount issue in this election will be whether the course the country has pursued in this crucial period is to be continued. The members of the convention, he said, hold the following five truths to be self-evident:

"First: That the United States is constrained by the traditions of its past, by the logic of its present and by the promise of its future to hold itself apart from the European warfare, to save its citizens from participation in the conflict that now devastates the nations across the seas.

"Second: That the United States in its relations with the European belligerents must continue the policy that it has pursued since the beginning of the war, the policy of strict neutrality in relation to every warring nation, the policy which Thomas Jefferson defined as 'rendering to all the services and courtesies of friendship and praying for the re-establishment of peace and right.'

"Third: That save where the liberties, the territory or the substantial rights of the United States are invaded and assaulted, it is the duty of this nation to avoid war by every honorable means

"Fourth: That it is the duty of the United States government to maintain the dignity and the honor of the American nation and in every situation to demand and secure from every belligerent the recognition of the neutral rights of its citizens.

"Fifth: That because the president of the United States has asserted these principles and pursued these policies the American people must support him with ardor and with enthusiasm in order that these principles and policies may be known to all the world, not as the opinion as an individual but as the doctrine and faith of a loyal and united nation."

Neutrality, Mr. Glynn continued, is America's contribution to the laws of the world. President Washington was the first man to pronounce neutrality a rule of international conduct, declaring the doctrine in April, 1793.

DELEGATES WILL MERELY RATIFY

ALL CUT AND DRIED AT ST. LOUIS EXCEPT PLATFORM.

SPECIAL WIRE JOINS WILSON AND COLISEUM

Bryan Again Emphasizes Statement That He Will Not Oppose Any Planks or Actions.

Special to The Democrat-Forum.

St. Louis, June 14.—The Democratic clans gathered in St. Louis today and for the first time in many years the Democratic convention resolved itself into a general ratification meeting. The only cloud in the horizon was one affecting certain sections of the platform. A direct telephone wire connected the Coliseum with the White House. The real work of directing affairs will be done by Secretaries Baker, Daniels and Houston.

To Baker has been intrusted the president's views on the platform. He will also order that the old ticket of Wilson and Marshall be named.

Bryan has ordered all of his active followers to accept the will of President Wilson. He said that the report that he would try to direct the resolutions committee was untrue. Bryan declares that he will accept that platform as written and will take the stump for Wilson.

The only business today was the sounding of a keynote by the temporary chairman, M. H. Glynn.

Want Punch in Platform.

The demand for punch in the platform was varied today by delegates and leaders who have a hand in the framing of the final draft for the presidential platform. It will be subject to close scrutiny by the members of the resolutions committee which will pass on the document.

As a result, many members are prepared to make a fight to secure changes in Wilson's tentative proposal as to the planks on foreign relations and Mexico.

By noon today practically all of the delegates were in their seats and the galleries were full. Thousands of spectators have been armed with flags and as a result the floor appeared as a sea of waving white, blue and red. The leaders cheered as they entered and flags were waved widely as Glynn

EXTRA HAYING FORECASTS

Telephone Offices Will Give Weather Predictions for Several Days at This Season.

The U. S. department of agriculture has announced that during the haying season, on account of the interest to the farmers, the weather bureau will extend the weather forecast to cover three or four days whenever the weather is expected to be fair and prevail so for several days.

The telephone offices in Maryville will tell patrons the forecast. The report will be in by 10 o'clock in the mornings. This certainly will be a great aid to the farmers, especially in this section, as a day without rain has been very rare this season.

Mrs. Emmett Beal who has been visiting her mother, Mrs. Anna Snyder, for the last two weeks, will return to her home in Hopkins tomorrow.

Mr. and Mrs. Herb Wamsley of Arkoe returned to their home today after a week's visit in Kansas City.

Secretary Franklin K. Lane, at his desk in the Department of the Interior

THE free distribution of a Government book about Yellowstone Park, beautifully illustrated and authentic, is an important link in Secretary Lane's plan to treat our national playgrounds as *national resources* and so develop them.

"The real awakening as to the value of these parks has at last been realized," says the Secretary in his last annual report—and then orders 300,000 copies of an official publication which shall change the "awakening" to a boom, inducing the maximum number of Americans to visit our greatest national wonderland—the Yellowstone.

This railroad is co-operating with the Department of the Interior in the work of getting this book into the hands of readers—and so inspiring Americans "to the further discovery of America, and making them still prouder of its resources, esthetic as well as material."

A copy of the government book on Yellowstone will be sent free to everyone who writes to the address below.

FOURTH NOT FOR MAJOR

BAKER AND AKERS ANNOUNCE VOTES FOR MARSHALL.

St. Joseph and Maryville Delegates Say Instructions Are Clear and They Will Follow.

Special to The Democrat-Forum.

St. Louis, June 14.—George B. Baker of Maryville and George W. Akers of St. Joseph, delegates from the Fourth Missouri district, threw a brick into the Major-for-vice-president machine today. Before the meeting Akers, who said he was speaking for both himself and his colleague, declared the congressional district convention which elected them had given instructions to vote for Marshall and against Major.

"That was a sincere instruction," said Akers. "The instructions of the state convention to vote for Major were political instructions. We will follow the instructions of our district."

Only nineteen of the Missouri delegates were present when the caucus was called to order. But they constituted a majority. Senator Reed was elected chairman of the delegation. Senator Stone was named as Missouri's member of the national committee on resolutions. Other committee assignments were: Judge W. W. Graves, committee on permanent organization; Frank H. Farris of Rolla, committee on credentials; Lon V. Stephens, committee on rules.

Not a word was said about binding the delegation as a unit to Governor Major. Chairman McClung said the room the delegation was using belonged to the Ohio delegation and that business should be expedited. That was a good excuse for passing up any play which might have embarrassed Governor Major, who was waiting outside in the hotel corridor.

LARGE CROWD FOR SALE

SMALL GIRL UNHURT BY FALL AT BELLOWS PAVILION.

Largest Number Ever Here for Shorthorn Sale From Several States.

The largest number of out-of-town buyers that have ever attended the Bellows annual Shorthorn sale are here today. Many men from Kansas, Nebraska, Iowa and Illinois are here. The Bellows Bros. have had these annual sales for about twenty years.

This is the first year that the new sale pavilion of the Bellows Bros. is being used. The building is 50x70 and was more than filled today. The twenty-one cattle had been sold today before any sold for less than a $1,000, and all are bringing high prices.

A small daughter of Mr. and Mrs. Fletcher Dalby fell through the seats of the pavilion to the ground, a distance of about ten feet. She was not seriously hurt.

BREWER IN SPITE WORK

Weston Editor's Lights Cut Off When Paper Fights for Dry Platte County.

Special to The Democrat-Forum.

Jefferson City, June 14.—W. H. Roach, editor of the Weston Herald, filed complaint with the state public service commission yesterday against the owners of the Royal brewery of that town for cutting off his electric light and power. He states that the plant is owned by M. O. Danciger & Co. It appears that Roach and other dry citizens of Weston, who supported local option at the recent election in Platte county, have fallen under the ban of the brewery and lighting company, and had their service summarily discontinued. Roach was about to send his paper to print, so he states, when the electric current which operates his press was cut asunder and his editorials favoring a dry Platte county were left unprinted.

The brewery will have ten days in which to make a defense, if it has any.

CLOSING OF MARTIN H. GLYNN'S KEYNOTE SPEECH.

GOES BACK TO LINCOLN

No President Since Civil War Has Suffered Such Abuse Under Such Trying Circumstances.

The man who is president of the United States today has measured up to the best traditions of a great office.

He has been wise with a wisdom that is steeped in the traditions of his country, with a wisdom that has been disciplined by training and broadened by instruction.

He has been prudent with the prudence of one who has within his hands the destiny of a hundred million people.

He has been firm with the firmness that proceeds from deep conviction, with the firmness that is grounded in a duty well defined.

He has been courageous with the courage that places country above self, with the courage that follows duty wherever it may lead.

He has been dignified with the dignity that is self-forgetting and self-respecting, with the dignity that conserves the majesty of the greatest office in the world.

He has been patient with the patience which believes and trusts that truth crushed to earth will rise again, with the patience that can endure and wait, watch and pray, for the certain vindication of justice, humanity and right.

He has been patriotic with a patriotism that has never wavered, a patriotism that is as pure and strong as the faith that moved the fathers when they made our country free.

No president since the Civil war has had as cruel problems to solve; and no president has displayed a grasp more sure, a statesmanship more profound.

Assailed by the wolves of privilege, he has pulled their claws and drawn their teeth.

Assaulted by partisan envy he has shamed his traducers into silence and made friend and foe go forward together in the paths of national progress.

He has fired our patriotism with a new ardor; he has breathed into our ancient traditions a new vigor and a new life.

He has added strength to America's courage and mingled mercy with America's strength.

He has fastened the brakes of justice upon the wheels of power; he has lifted the mists from the temple where our liberties are enshrined.

And when the history of these days comes to be written, and the children of tomorrow read their nation's story, when time shall have dispelled all misconception, and the years shall have rendered their impartial verdict, one name will shine in golden splendor upon the page that is blackened with the tale of Europe's war, one name will represent the triumph of American principles over the hosts of darkness and of death.

That name will be the name of the great president who has made Democracy proud that he is a Democrat, and made Americans proud that he is an American.

It will be the name of the student and the scholar who has kept this country true to its faith in a time that tried men's souls; the name of the statesman who has championed the cause of American freedom wherever he found it oppressed; the name of the patriot who has implanted his country's flag on the highest peak to which humanity has yet aspired; the name that carried the torch of progress to victory again; the name of Woodrow Wilson, president and president to be. A SPECIAL
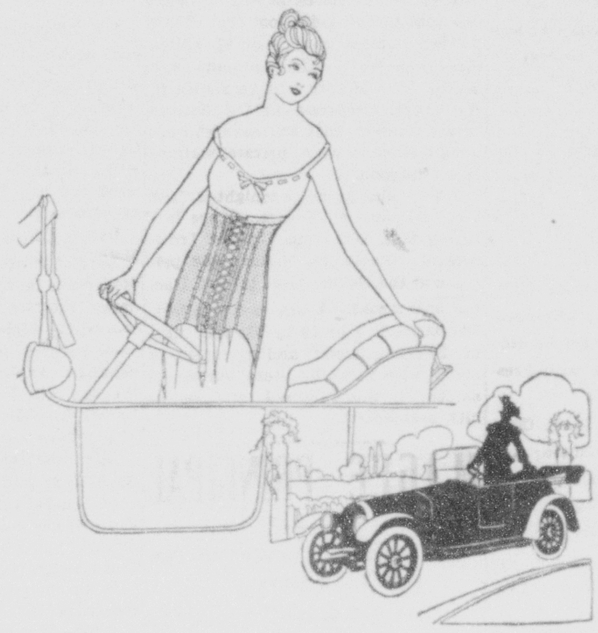
Gossard Corset for Motoring

SINCE every woman rides in an auto sometime or other, this new Summer Gossard model is almost a necessity. It was designed to give you comfort on the longest auto ride you might ever take. It will not slip up on the body, because it has just enough waist line to keep it where it belongs. The skirt is not long—the elastics (there are six of them) are stout and filled with fine rubber.



The top of the corset lets the flesh above the waist line rest in the corset—the bust line is rather low. Only a long ride in an auto can make you fully appreciaie the comfort and coolness of this special. You would never know you had a corset on if your figure did not appear so graceful and well-proportianed.

The model is here in all sizes and we can send yours to you at once, or you may be fitted, if you like, at $2.00.

KANSAS CITY MARKET LETTER.

Kansas City Stock Yards, June 14, 1916.—Prime cattle held practically steady last week, but everything below prime declined in price, common steels selling 30 to 50 cents lower for the week. Butcher grades got a moderate cut, cows and bulls holding up because of scarcity. Stockers and feeders held about steady, as there was a good demand from the country, and the yards were well cleared. The supply today is 10,000 cattle, and the market averages fully steady, prime steers and butcher grades selling stronger, and low grades of steers, including quarantines of this class, weak to 10 cents lower.

A carload of pulp fed steers sold at $11.00, a new high figure on pulp steers, and highest price paid this year for any steers. Other pulpers brought $10.60 to $10.75, and the western delegation also included some short fed steers around $9. Cattle from the summer feeding section of Missouri are starting, some of them bringing $10.80 today. Prime dry lot corn fed cattle are scarce, although numerous lots of steers were good enough to sell at $10.00 to $10.65.

A train of Arizona steers weighing 1,185 pounds sold at $9.00, including three loads of 916 pound steers at $8.55. In the quarantine division offerings comprised about forty cars of fed steers from the Fort Worth district, nothing extra choice included, sales $8.50 to $9.20, some fed Oklahomas at $8.10 to $8.50, and grassers at $6.80 to $7.75. South Texas grassers sold Thursday up to $8.90 in the quarantine division here.

This is the dull season for stockers and feeders, but is a good grass year, and a certain demand continues, sales of stock steers largely at $7.25 to $8.00, feeders $7.75 to $8.50. Hogs began to show more strength the middle of last week, and closed with part of recent losses regained, sales today were 10 cents higher, receipts 12,000 head, top $9.55, bulk of sales $9.20 to $9.50.

Heavy hogs led in price, because of scarcity, owners preferring to cash their hogs as fast as they get up around 200 pounds or a little more, rather than hold for big weights, although the feeding operation on hogs of this weight continues immensely

week was 202 pounds, practically the same as it was same week last year. Demands on killers for all kinds of pork will be heavy as long as high beef and mutton offer no relief.

Sheep and lambs are firm where quality is good, but much common stock is offered today, and prices on such are weak, receipts 12,000 head. Native and Arizona spring lambs sold up to $11.35, quality not choice in either case, prime springs worth $11.50 or more. Clipped ewes sell at $7.25 to $7.50 if good, Texas muttons here today at $6.75 to $7.15, some common ones at a lower price. Best Angoras here sold at $5.25 to $6 for killers and also for the country, common Mexicans down to $4, killers and brushers selling about alike today.

NOTED ARTIST RETURNS.

We have with us again, to remain a limited period, Mr. F. P. Frisch, the Chicago pastel artist. He will, as on his previous visit, execute, exhibit and place on sale in our show window original pastel paintings of highly artistic merit. Mr. Frisch's work is appreciated everywhere and the art lovers of Maryville will do well to call at our store, see the work and how it is done by one who knows how—at Crane's.

'HOSS RACE' SAYS CLARK

"ODDS ARE ON WILSON," ADDS SPEAKER.

Missouri Statesman Thinks Hughes Is to Be Severely Criticized for Accepting Nomination.

Special to The Democrat-Forum.

Washington, June 14. — Speaker Champ Clark issued a statement today criticizing the Republicans for selecting a justice of the supreme court as candidate for the presidency and the Progressives for nominating Colonel Roosevelt in "violation of the two term rule."

"If Colonel Roosevelt accepts the nomination of the Bull Moosers, Woodrow Wilson will win in a walk," said the speaker. "If Colonel Roosevelt declines the nomination and supports Justice Hughes, it will be what my Kentucky friends call a 'hoss race,' with the odds very much in favor of Woodrow Wilson.

"Some philosophers claim there is nothing in luck. President Wilson's career should confound them utterly. The regular Republicans and the Bull Moosers might have agreed on some man of ability who would not have been confronted with the wise and wholesome precedents of more than a century."

WILSON ANSWERS HUGHES

SPEAKS PLAINLY ON AMERICANISM AT WEST POINT.

President Indorses Preparedness But Urges Cadets to Avoid Militarism—Justice Must Prevail

Special to The Democrat-Forum.

West Point, N. Y., June 14.—President Wilson touched on all the subjects mentioned in Charles E. Hughes' telegram of acceptance to the Republican national convention which nominated him last Saturday, in his address before the graduating class of the West Point military academy yesterday. It was the president's first speech since the presidential campaign began.

Preparedness, militarism, the causes of the war, peace, the Monroe doctrine, divided allegiance and the ideals of America were all touched upon and for the first time the president used the term Americanism.

The president said America is ready to enter upon an alliance with the other nations of the world to see that the same sort of justice in which America believes prevails. He said the nation must be prepared, but not with a chip on its shoulder. The persons whose uppermost thought is other than America should not be tolerated, he told the graduates and gave them a warning against militarism.

He gave as the prime duty of America to show the world that the United States means what she says when she speaks.

made the opening address.

Walkless Parade Pulled Off.

Three thousand women from every part of the country stood and sat in chairs for more than an hour on the blistering hot pavements without uttering a word. They are making a mighty but silent plea for the Democratic hosts to place suffrage in the platform. The women wore white dresses with yellow sashes and formed a line in front of the Coliseum.

Called Together at 12:32.

It was just 12:32 o'clock when McCombs stepped to the speaker's rostrum and called the convention to order. "America" was then sung, followed by a prayer by the Rev. James W. Lee of St. Louis. The temporary officers were then announced.

Glynn made the opening address. Next followed the naming of committees. The convention took a recess until noon Thursday.

BARNARD HONORS BADGER

Sunday School Superintendent for 25 Years; Will Go to Fort Morgan to Live.

A farewell reception was given F. H. Badger at Barnard last eevning at the North Methodist church. Mr. Badger has been superintendent of the Sunday school in Barnard twenty-five years and will leave soon for Fort Morgan, Colo., where he will make his home with a son.

Two hundred members and friends gathered at the church last night. The Rev. Clarke Baker had charge of the services. Several talks were made by J. E. Akey, J. E. Broadbent and Floyd Christensen of Bolckow, and a number of musical numbers given, after which Mr. Badger gave a talk.

He was presented with two sets of books—Henri's commentaries and six volumes of the Encyclopedic-Dictionary.

Following the program a social hour was enjoyed by those present and refreshments were served

Mrs. Wallace Pistole Buried.

The funeral of Mrs. Wallace Pistole, who died at her home near Hopkins Monday night of uremic poisoning, was held today. Funeral services were held in the Baptist church at Hopkins, the Rev. D. W. Griffith officiating. The burial was in the White Oak cemetery, two miles east of Pickering.

Nodaway Gets $4,197.21 for Roads.

Nodaway's apportionment of the state's permanent road fund for this year is $4,197.21. It will be alolted to the county roads under the supervision of the county court. The apportionment for the entire state of Missouri was $250,000.

GETS EGG DURING TRIAL.

Hen Labeled "Exhibit A" Lays It In Court, and the Judge Benefits.

Portland, Ore.—Maude, a White Leghorn hen, was in District Judge Bell's court as Exhibit A in a suit over her ownership and that of two other Biddies and a cockerel. Suddenly there smote the air a shrill "cut-a-cut." It was Maude cackling, and she kept it up. "Bailiff, kindly remove the exhibit," ordered the judge. The bailiff approached Maude's coop. "Your honor," he shouted, "look!" and held up a snowy white egg. "Maude has laid it."

Both litigants agreed that the judge should receive the egg, and he did.

DRINKERS SENT TO FRONT.

France Adopts Plan to Keep Temptation From Munition Workers.

Paris.—On account of a diminution of the output of munitions, due to excessive drinking, Minister of Munitions Albert Thomas recently issued instructions that any munition workers found under the influence of alcohol shall be immediately sent to the fighting line.

The explanation is given that the penalty is not in the nature of a punishment, but because the man in question is unlikely to experience the same temptations at the front.

First Bath In Twenty Years.

Charlestown, Ind.—After being given the first bath he has had in twenty years, according to his own admission, D. W. Hodson, who presented himself at the county farm for the poor, near here, suddenly disappeared. The mystery of his absence was solved when he showed up at his old home at Underwood, Ind., and told of the vigorous scrubbing the farm attendants administered.

United States "Balanced" Tires

One of the Five is Yours

No one tire will fit every motoring need of use and price.

That is why the United States Tire Company makes five tires—

'Nobby,' 'Chain,' 'Usco,' 'Royal Cord,' and 'Plain.'

Each will give from a little to a whole lot more mileage than other tires in its class.

Motorists buy, and re-buy, United States 'Balanced' Tires, because of—what?

Service—satisfactory service—mileage—value—least amount of trouble.

That's the reason that United States 'Balanced' Tires show such steady, consistent sales increases.

Ask the nearest United States Tire Dealer for your copy of the booklet, "Judging Tires," which tells how to find the particular tire to suit your needs.

The commencement is over and the seniors look sleepy. The seniors also are proud of their tower pins. I could say other things about the seniors, but they have monopolized the interest lately anyway.

Above the accustomed hum of busy students may be heard the heart breaking sobs of parting friends.

Dr. Steiner's lecture of yesterday morning has created considerable discussion among the students, and in the history classes.

There is some talk of initiating a course in bench work in campustry. The class will be organized as soon as the seniors' bench is erected. All boys are eligible, but girls must be up to a certain standard of beauty in order to qualify.

Last Saturday the Philos had a feed. It took place in the Normal park. All the members were there, including the boys. There was some ice cream left. Can you be[illegible]e me?

BANK WORK HELD UP

Faulty Laying of Stone Work Makes It Necessary to Tear Up Layer of Stone.

The work on the Farmers Trust company's new bank building has been held up several days on account of the material failing to reach here on time, and also because of one of the stone masons being fired on account of incompetency

It was necessary to remove one row of the large stones on the wall today. The derrick will be started this afternoon and work will probably be resumed tomorrow in full.

NEWS FROM ALL Northwest Missouri

The Elmo Register complains that the bluegrass pastures have grown so tall that one has to take the dog along to find the cows.

S. H. McCrory of Washington, D. C., chief of drainage investigation of the U. S. Department of Agriculture, was in Albany last week investigating conditions along the Grand river. The department is making a complete preliminary survey from the mouth of Grand river to the Iowa line.

North Missouri and Southern Iowa egg dealers met at Albany recently and decided without a dissenting vote to comply with the regulations of the pure food laws and candle all eggs offered to them for sale, refusing all eggs that do not come up to the standard of freshness.

Prof. R. Paul McQuellan, director of the Albany Military band, will open a conservatory of music in Albany soon, giving instruction in all brass, reed and string instruments and post graduate work in piano.

Gallatin is the latest town in this region to report the theft of gold from dental offices. Some one entered the office of Dr. Hargis with a skeleton key and took $30 worth of gold from his dental cabinet.

The Gallatin North Missourian announces that the local agent of the Wells-Fargo express company has made public a letter from his company stating that all employes of that company who are members of the militia or who later join shall receive their full pay throughout their service in Mexico and all expenses not paid by the government.

Asa W. Butler has sold a half interest in his Albany Capital to Gus Stevens, formerly foreman of the shop. Along with the change of the firm the announcement is made of the purchase of a Model 5 Mergenthaler linotype machine. The Albany Capital is one of the very best country weeklies in Northwest Missouri, and its success and growth is due entirely to the tireless efforts of its chief, Asa W. Butler. —Gallatin North Missourian.

Overton Harris of Sullivan county, paid the record Hereford price at Kansas City last week, buying a bull for $11,100. The highest previous mark for a single animal of that breed was $10,000.—Princeton Post.

The Lock Springs correspondent of the Gallatin North Missourian in speaking of the coming local option election at Chillicothe says: "Most of our trouble comes from booze—Chillicothe booze at that! We are hoping and praying for Chillicothe to go dry."

A committee consisting of the mayor and two aldermen of Albany recently made a tour of some of the larger cities to investigate paving methods and prices. Albany is soon to have more paving.

Oscar Branam, a young man of Mercer county, was caught in a storm late Wednesday night of last week, and drove his team into the barn of Andrew Powell, ten miles east of Princeton. A few minutes later the barn was struck by lightning and both of the horses were instantly killed. The young man was unhurt and the barn was not burned.

A Mercer county man tried one day last week to pry his automobile out of a mudhole while his son started the car. The rail which he used was caught in the wheel and struck him across the face and chest with such force that he remained unconscious for an entire day and is still feeling the effects of the blow.

Seventeen Richmond business men and firms have contributed $10 each toward the purchase of hitching lots and sheds, following the removal of the hitchracks around the square. A lot, 78 by 150 feet, has been bought and will be macadamized and equipped with sheds. The same issue of the Richmond Missourian, which contains this information, also states that the Ray county court has instructed the prosecuting attorney to present a bill for $200 "on account of the destruction of the hitchracks and to take such steps as may be necessary to enforce the payment of said amount, including a suit at court."

The worst flood of the season in Ray county was experienced last week, says the Richmond Missourian. It was stated that on Tuesday, Big Creek and two forks of Crooked creek were out of their banks, covering hundreds of acres of farm land. Judge Magill, an old resident, said that this is the worst flood since '82.

An association of 300 or more Harrison county women have taken up the possibilities of the newly organized fair, and will see that the program and equipment include ample provision for the home makers and children of the county.

Uncle Jimmy Richardson of Blythedale has two cats which he raised from kittenhood and he states positively that they are 18 years old. Both are becoming rather feeble.

Savannah is organizing a military company.

Two Savannah boys were wrestling in the courtyard last Wednesday evening when one of them, Willie Myers, received a broken ankle.

A couple of ill-natured Orrick dogs chose to fight between the legs of a spirited young horse driven by Jack Turner. The horse, resolved to be neutral at any price, ran away, smashed up the buggy and broke several of Mr. Turner's ribs. The Richmond Missourian fails to state whether the dogs succeeded in settling their differences.

A peculiar accident happened to the little son of Mr. and Mrs. J. L. Dobson at their home in the southern part of town last Sunday. The family were out in the yard, Mr. and Mrs. Dobson being in the lawn swing and their children near by. Soon the boy cried out and appeared with a bleeding finger and it was thought that it was caused by a sliver. He was taken to Dr. Harding who probed for the splinter but found a hard substance which he proceeded to cut out and which proved to be a bullet from a 22 rifle. No one of the party heard the report of a gun and where the bullet came from is a mystery.—Tarkio Avalanche.

A former Savannah man, now living in Chicago, recently sent $20 to one of the Savannah banks to be delivered to Mrs. Sarah Wagner, an old colored woman who formerly worked in his home. When the banker handed over the money he asked the old woman if she had any use for it. The Savannah Reporter gives her reply as follows: "Yes, indeed, da has been seberal things I been wantin' and I been askin' God to sen' me the money to get 'em, so God jes' put hit into Mr. Price's haid to sen' hit to me."

Part of a car of strawberries were shipped from St. Joseph to King City the other day and failed to find a market because the market was already supplied by local growers.

The outlet ditch that drains Lake Nishnabotna at Langdon is the talk of the whole Missouri bottom, says the Rock Port correspondent of the Tarkio Avalanche. The effects have been almost miraculous. It seems that when the ditch drained the Nishna, water standing all over the bottom whether it had a connection with the ditch or not disappeared, often in the night, leaving much ground previously under water fit for cultivation within a few days. The Nishnabotna river has been standing full of water for about a year and as the water level was almost as high as the great body of surrounding land the water soaked through and saturated it all. It is generally thought that the digging of the ditch was the best investment for the whole bottom that has ever been made since the river began filling up.

A Gallatin woman was too ill to attend commencement exercises at which her daughter was a graduate, so telephone connections were made so that she heard the exercises from her room and heard her daughter render a musical number.

Levi Hartman, who for twenty years has been searching for his daughter, Miss Edith, is now a happy man, as his daughter came to him from Rushville, Neb., Sunday, where she had been staying with Paul E. Wutexier and family since she was 11 years old, being 22 years old now. Last fall Mr. Hartman inserted an advertisement in an Omaha newspaper, which resulted in finding his daughter, and he went to that place to see her, but at that time she could not come home with him. Until he saw her last fall, Mr. Hartman had not seen his daughter since she was 2 years old, when her mother took her and left without Mr. Hartman knowing where they went.—Galt Sun.

M. C. Niblack, a farmer living near Jamesport, rode out to his pasture to look at some cattle one day last week, and took his shotgun along to shoot squirrels. When he reached the gate and started to dismount, the gun was accidentally discharged, and the load entered his side, killing him instantly. He leaves a wife and two children.

Cream Cake

Inquiries among a large number of women using "The Cook's Book" showed this to be their favorite cake recipe. It is easy to make, certain to turn out well if K C Baking Powder is used, and may be put together with almost any filling or icing.

K C Cream Cake

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.

One-half cup butter; 1 cup sugar; yolks of 2 eggs, beaten light; 1¾ cups sifted flour; 2 level teaspoonfuls K C Baking Powder; ½ cup cold water; whites of 2 eggs, beaten dry.

Cream the butter; add the sugar, yolks of eggs and water; then the flour, sifted three times with the baking powder; lastly the whites of eggs. Bake in two or three layers; put these together with cream filling, and dredge the top with confectioner's sugar.

Cream Filling

One-fourth cup sifted flour; ½ teaspoonful salt; 1 cup hot milk; 1 egg, beaten light; ½ cup sugar; 1 teaspoonful vanilla extract; 1 ounce chocolate.

Mix flour and salt with a very little cold milk; stir into the hot milk and cook ten minutes; add the chocolate and stir until it is melted and evenly blended with the flour mixture, then beat in the egg mixed with the sugar, and lastly the vanilla.

GLYNN'S KEY-NOTE

(Continued from page 1.)

Thirty years later, he said, Prime Minister Canning in the British parliament pointed to this American policy of neutrality as a model for the world.

Neutrality Given by America.

Because of this policy of neutrality, Mr. Glynn asserted, Washington was hooted by 10,000 persons. Alexander Hamilton was stoned almost to death, John Jay was burned in effigy, Thomas Jefferson was called a spineless poltroon, and Lincoln pictured as a craven.

Mr. Glynn went into historical details to prove that President Wilson stands just where other presidents have stood with respect to neutrality.

"Standing here with the eyes of the nation upon this convention, with the cold light of reason, the piercing shafts of logic streaming upon all that we may say or do, I declare, with history as my witness and with fact as my proof, that the neutral rights of American citizens have never been so vigorously asserted or so successfully maintained as they have been asserted and maintained by the president of the United States during the present war," he said.

Turning to the policy which he said the president's opponents are urging, he said:

"Fighting for every degree of injury would mean perpetual war and this is the policy of our opponents, deny it how they will. It would not allow the United States to keep the sword out of the scabbard as long as there remained an unrighted wrong or an unsatisfied hope between the snowy wastes of Siberia and the jungled hills of Borneo.

"In a word this policy of our opponents would make the United States the policeman of the world."

Mr. Glynn advocated preparedness in general terms. He did not refer to universal service. If our navy and army are not strong enough, he said, "the Republican party is 80 per cent to blame, for the Republican party has been in control of this nation 80 per cent of the time during the past fifty years."

His words concerning the issue of divided allegiance were carefully chosen so as not to give offense. He said the whole country must stand behind the president.

He praised the domestic policy of the administration, especially the federal reserve bank act. In lauding the Underwood tariff, he quoted Jacob H. Schieff's now famous warning to the Republican club of New York City not to attempt a renewal of high tariff agitation.

He gave statistics to show the prosperity of the nation and this he attributed to the Democratic administration. He concluded with a personal eulogy of the president.

Mr. and Mrs. Ernest Andrews of Shenandoah, Ia., will arrive in Maryville tomorrow for a two days' visit as the guests of Mr. and Mrs. D. R. Eversole.

Mrs. Elvira Dawson returned from Skidmore this morning accompanied by Mr. and Mrs. Pearl Hayes, who will be her guests for a few days.

Mrs. William Shelton of De Kalb came to Maryville to visit her sister, Mrs. Clara Trewitt.

Mrs. Oliver Garrett and children and Mrs. Nellie Airy spent yesterday in Hopkins visiting friends.

LIVENGOOD HEADS ALUMNI

About Seventy-five Old Students Gathered for Annual Banquet at Normal Last Night.

During the business session following the alumni banquet last night the following officers were elected: President, Lowell Livengood; vice president, Miss Dena Hartman; secretary, Miss Lois Halley; treasurer, Miss Julia Denny; alumni editor of the Green and White Courier, Miss Nellie Wray.

Between seventy and eighty old students and graduates attended the meeting of the Alumni association. The library was prettily decorated for the occasion, and Mr. Reuillard justified his reputation as a good chef. Following the course, Bert Cooper, president of the association, acted as toastmaster. Toasts were given by Mrs. Wm. Oakerson of Jefferson City, Supt. W. R. Lowry of Grant City, Pres. Ira Richardson and Ivah Barnes, president of the senior class. Readings were given by Mattie Dykes of King City, Myrtle McPherron of Maryville and Fred Vandersloot.

Miss Nellie Wray gave a vocal solo. Music was furnished by Maulding's orchestra.

NEW INSURANCE OFFICES HERE.

Claud F. Clayton, M. U. Graduate, Takes Charge This Week.

Claud F. Clayton of Columbia arrived in Maryville to take up his work as district agent for the Northwest Mutual Life Insurance Company of Milwaukee. He will have the four counties of the northwest Missouri, Nodaway, Holt, Atchison and Andrew for his territory, with headquarters here. The office has just been established.

Clayton received his A. M. from the University of Missouri this spring. He was editor in chief of the '15 Savitar and prominent in other school activities.

LEECH CHAMPION "HUMAN FLY."

Normal Student Climbs to Second Story to Enter Main Building.

Many attempts are being made during this week to imitate the feats of Harry H. Gardiner, who will thrill Maryville tomorrow. But the real championship must go to Howard Leech, a Normal student. Due to some misunderstanding Monday night, the Normal building was not opened when the crowd began to gather for the senior play. Leech climbed to the second story of the building and entered a window and opened the doors from within.

EMANCIPATION DAY PLANNED FOR

Afro-American Club Will have Celebration Between Aug. 1 and 4.

The Afro-American club decided to have the annual Emancipation Day celebration here between August 1 and August 4, at the regular meeting of the club Tuesday night.

A. A. Williams, Charles Martin and James Malcomb were selected as the finance committee. The club will endeavor to make this the best celebration of its kind ever held in this city.

Eugene Cummins, who has been clerking at the Linville Hotel, has resigned his position and will go to work for the Chicago Portrait company.
